

SUBJECT: AUSTRALIA IN ASIA AND THE PACIFIC

SUBJECT CODE: AAP315116

Criterion 2 – communicate ideas and information	A+ A A-	B+ B B-	C+ C C-	D+ D D-
	communicates using methods, formats and styles appropriate to task and audience	communicates using methods, formats and styles appropriate to task	communicates using methods, formats and styles appropriate to task	unable to adequately communicates using methods, formats and styles appropriate to task
	composes clearly structured, coherent and cohesive analytical essays and reports	composes structured and coherent analytical essays and reports	composes structured analytical essays and reports	unable to compose structured analytical essays and reports
	accurately uses complex grammatical conventions, and spelling and punctuation in written responses	accurately uses grammatical conventions, spelling and punctuation in written responses	uses grammatical conventions spelling and punctuation to achieve clarity in written responses	unable to use grammatical conventions spelling and punctuation to achieve clarity in written responses
	uses a wide range of appropriate terms to explain ideas and concepts, and to clearly communicate meaning	uses a range of appropriate terms to explain ideas and concepts and to clearly communicate meaning.	uses a limited range of appropriate terms to support discussion and communicate meaning.	unable to use a limited range of appropriate terms to support discussion, which confuses meaning

Criterion 3 - describe and assess physical and human geography of the Australia, Asia and Pacific region	A+ A A-	B+ B B-	C+ C C-	D+ D D-
	correctly explains characteristics of physical and human geography in a range of nations within the Australia, Asia and Pacific region	correctly describes characteristics of physical and human geography in a range of nations within the Australia, Asia and Pacific region	correctly describes major characteristics of physical and human geography in a range of nations within the Australia, Asia and Pacific region	unable to adequately correctly describes major characteristics of physical and human geography in a range of nations within the Australia, Asia and Pacific region
	analyses and evaluates degree of diversity in physical and human geography in the Australia, Asia and Pacific region	analyses degree of diversity in physical and human geography in the Australia, Asia and Pacific region	assesses degree of diversity in physical and human geography in the Australia, Asia and Pacific region	unable to adequately assesses degree of diversity in physical and human geography in the Australia, Asia and Pacific region
	presents clear, logical and detailed analytical interpretations and arguments to account for similarities and differences between physical and human geography in the Australia, Asia and Pacific region	presents clear, logical, coherent and evidence-based interpretations and arguments to account for similarities and differences between physical and human geography in the Australia, Asia and Pacific region	presents clear and logical interpretations and arguments to account for similarities and differences between physical and human geography in the Australia, Asia and Pacific region	unable to adequately presents clear and logical interpretations and arguments to account for similarities and differences between physical and human geography in the Australia, Asia and Pacific region

	A+ A A-	B+ B B-	C+ C C-	D+ D D-
Criterion 4 - describe and assess Australia's changing relations with nations in the Asia-Pacific region in the areas of partnerships or migration	correctly explains and analyses historical changes in Australia's relations with nations in the Asia-Pacific region in the areas of partnerships or migration	correctly explains historical changes in Australia's relations with nations in the Asia-Pacific region in the areas of partnerships or migration	correctly describes major historical changes in Australia's relations with nations in the Asia-Pacific region in the areas of partnerships or migration	unable to correctly describes major historical changes in Australia's relations with nations in the Asia-Pacific region in the areas of partnerships or migration
	presents clear, logical and detailed analytical interpretations and arguments to account for historical changes in Australia's relations with nations in the Asia-Pacific region, and evaluates relative significance of drivers in change process	presents clear, logical, coherent and evidence-based interpretations and arguments to account for historical changes in Australia's relations with nations in the Asia-Pacific region, and analyses relative significance of drivers in change process	presents clear and logical interpretations and arguments to account for historical changes in Australia's relations with nations in the Asia-Pacific region, making valid observations about relative significance of drivers in change process	unable to adequately presents clear and logical interpretations and arguments to account for historical changes in Australia's relations with nations in the Asia-Pacific region, making valid observations about relative significance of drivers in change process
	uses generalisations based on own knowledge of Australia's changing role in the Asia-Pacific region to make logical, reasoned predictions about Australia's future role in the region	uses generalisations based on own knowledge of Australia's changing role in the Asia-Pacific region to make logical predictions about Australia's future role in the region	uses generalisations based on own knowledge of Australia's changing role in the Asia-Pacific region to make some predictions about Australia's future role in the region	unable to adequately uses generalisations based on own knowledge of Australia's changing role in the Asia-Pacific region to make some predictions about Australia's future role in the region

Criterion 5- describe and assess tourism and its impact in the Australia, Asia and Pacific region	A+ A A-	B+ B B-	C+ C C-	D+ D D-
	correctly explains and analyses changing trends in tourism within the Australia, Asia and Pacific region	correctly explains changing trends in tourism within the Australia, Asia and Pacific region	correctly describes changing trends in tourism within the Australia, Asia and Pacific region	unable to correctly describes changing trends in tourism within the Australia, Asia and Pacific region
	presents clear, logical and detailed analytical interpretations and arguments to account for changing trends in tourism in the Australia, Asia and Pacific region, and evaluates relative significance of drivers in change process	presents clear, logical, coherent and evidence-based interpretations and arguments to account for changing trends in tourism in the Australia, Asia and Pacific region, and analyses relative significance of drivers in change process	presents clear and logical interpretations and arguments to account for changing trends in tourism in the Australia, Asia and Pacific region, making valid observations about relative significance of drivers in change process	unable to adequately presents clear and logical interpretations and arguments to account for changing trends in tourism in the Australia, Asia and Pacific region, making valid observations about relative significance of drivers in change process
	analyses and evaluates environmental, social, cultural and economic impact of tourism on destinations in the Australia, Asia and Pacific region, and effectiveness of management practices in reducing/minimising negative impact	analyses environmental, social, cultural and economic impact of tourism on destinations in the Australia, Asia and Pacific region, and effectiveness of management practices in reducing/minimising negative impact	assesses environmental, social, cultural and economic impact of tourism on destinations in the Australia, Asia and Pacific region, and effectiveness of management practices in reducing/ minimising negative impact	unable to adequately assesses environmental, social, cultural and economic impact of tourism on destinations in the Australia, Asia and Pacific region, and effectiveness of management practices in reducing/ minimising negative impact

Criterion 6- describe cause and effect of national crises in the Asia and Pacific region, and assess effectiveness of responses	A+ A A-	B+ B B-	C+ C C-	D+ D D-
	Explains the causes and impact of crisis on a hypothetical Asia-Pacific nation	describes the causes and impact of crisis on a hypothetical Asia-Pacific nation	correctly identifies the causes and impact of crisis on a hypothetical Asia-Pacific nation	unable to correctly identifies the causes and impact of crisis on a hypothetical Asia-Pacific nation
	analyses and evaluates effectiveness of national and international responses to crisis in a hypothetical Asia-Pacific nation	analyses effectiveness of national and international responses to crisis in a hypothetical Asia-Pacific nation	assesses effectiveness of national and international responses to crisis in a hypothetical Asia-Pacific nation	unable to adequately assesses effectiveness of national and international responses to crisis in a hypothetical Asia-Pacific
	uses generalisations based on own knowledge of cause, effect and responses to national crisis in the Asia-Pacific region to make logical, reasoned predictions and reach valid, reasoned conclusions about cause, effect and responses to national crisis in a hypothetical context	uses generalisations based on own knowledge of cause, effect and responses to national crisis in the Asia-Pacific region to make logical predictions and reach valid conclusions about cause, effect and responses to national crisis in a hypothetical context	uses generalisations based on own knowledge of cause, effect and responses to national crisis in the Asia-Pacific region to make valid conclusions about cause, effect and responses to national crisis in a hypothetical context	unable to adequately uses generalisations based on own knowledge of cause, effect and responses to national crisis in the Asia-Pacific region to make predictions and reach some valid conclusions about cause, effect and responses to national crisis in a hypothetical context
