

EXTERNAL ASSESSMENT SAMPLE 2020

SPORT SCIENCE

Course Code: SPT315118

The Sport Science exam will remain in the same format as previous years (according to specifications) but questions will be streamlined. This means that there will be less 1 and 2 mark questions on the paper to reduce the amount of reading time in total. Questions will, on the whole have less reading and minimal 'stimulus' reading where this can be achieved without disadvantaging students.

Sport Science exams have traditionally been difficult to complete in full in the time period and this adjustment should ease these time pressures. The questions and content themselves will still be similar to past years' papers.
